# KENNEDY KYALO

Nairobi, Kenya | +254 768 372955 | kennedykyalo168@gmail.com | Portfolio | LinkedIn

## PROFESSIONAL SUMMARY

Analytical and results-driven Data Analyst and International Trade Professional with a background in Statistics, Research, and Data Analytics. Skilled in data management, visualization, and mobile data collection using tools such as Power BI, Tableau, and Python. Experienced in managing end-to-end export and import processes, trade compliance, and customer service operations. Adept at leveraging data-driven insights to optimize supply chains, enhance market performance, and support strategic decision-making.

## WORK EXPERIENCE

**Imports & Export Coordinator** **Jan/2026 - Present**

**Tropical Heat Group [Kiambu, Kenya]**

- Manage end-to-end export and import processes including documentation, customs clearance, and coordination with clearing agents and 3PL partners.
- Handle customer service for international clients, ensuring timely communication, order processing, and issue resolution.
- Optimize container load planning (CBM) and shipment scheduling to improve logistics efficiency.
- Prepare and analyze export performance reports and dashboards to support decision-making.
- Collaborate with sales and marketing teams to support export growth and client retention.

**Customer Insights Analyst** **Apr/2025 - Dec/2025**

**Tropical Heat Group [Kiambu, Kenya]**

- Analyzed market and sales data to identify underperforming products and recommend corrective strategies.
- Designed and implemented targeted marketing initiatives to improve product performance.
- Monitored competitor activities and market trends to inform business decisions.
- Managed trade promotions and ensured accurate reconciliation of claims.

**Data Analytics Job Simulation** **Feb/2025 - Mar/2025**

**Forage, Deloitte Australia [Remote]**

- Completed a Deloitte job simulation involving data analysis and forensic technology.
- Created a data dashboard using Tableau.
- Used Excel to classify data and draw business conclusions.

**Research Intern** **May/2023 - Aug/2023**

**Adaptive Management and Research Consultants [Nairobi, Kenya]**

- Designed 5+ mobile-based data collection tools using Kobo Toolbox and CommCare for surveys on healthcare and youth education.
- Analyzed over 5 large datasets using Stata, Python, and Power BI, producing engaging visualizations for stakeholders.
- Analyzed survey data from 1,000+ youth participants using Python and Power BI, identifying gaps in outreach strategies and presenting actionable insights for improvement.
- Ensured data quality by performing thorough verification and cleaning processes, enhancing the accuracy of program insights.
- Developed documentation for methodologies and findings, contributing to two key reports on healthcare service usage.

## EDUCATION

**CIPIT 1001 - Data Protection** **Feb/2025 - May/2025**
Strathmore University

**Bachelor's Degree in Statistics** **Sep/2020 - June/2024**
Jomo Kenyatta University of Agriculture and Technology [Kiambu, Kenya]

**Kenya Certificate of Secondary Education** **Jan/2016 - Nov/2019**
